

2022 Denver Workplace Training Program

Commitments and Expectations

Hello, and thank you for your interest in the Denver Workplace Training Program (WTP).

The Denver WTP is designed to encourage, equip, train, and excite YOU to represent Jesus in the workplace after college in a manner worthy of your calling! The sacred/secular divide is real, and too many well meaning believing graduates are underprepared and under experienced. We desire this not to be so, and as this divide is not based on The Word, we will provide an opportunity to train you to not only survive, but truly to THRIVE in your life, work, and ministry. So prayerfully consider joining us this summer in what will surely be a milestone in your walk with Jesus.

Like all programs worth their salt, there are clear expectations set, as well as commitments made by participants. When done well together, one gets the absolute most out of the program. There is no exception for the Denver Workplace Training Program that is built to train you so you can train others.

One important piece of information is the cost of this program. This program costs \$800 if you apply by February 20th, or \$900 if you apply by April 1st, due by May 9th. The money will be used to pay for your housing, materials, guest speakers, etc. You will have the opportunity to trust God and fundraise in order to pay. Information on fundraising will arrive after you apply. ([application link](#))

Below are the list of expectations and commitments for this summer, as well as the goals of the program, so you can best set your own expectations of the summer.

Commitments to the program:

- 1) I commit to being in Denver for the duration of the program in order to get the most out of my training (this includes, but is not limited to, leaving for family vacations, weddings, etc.). This can be discussed on a case-to-case basis as needed, but I understand it is expected for me to be present for all program events and activities.
- 2) I commit to completing all of my training and all that is asked of me by the program, for the sake of being a faithful steward of the opportunity God has provided and to be an excellent partner with my fellow program teammates.
- 3) I commit to faithfully find and keep a full time job or internship for the duration of the program.

4) I commit to not pursuing or beginning any new dating relationships during the program for the sake of my focus on my relationship with God and for the sake of others and their walks.

5) I commit to live in light of the Gospel, in full humility, in transparency as applicable, and in pursuit of a life worthy of the calling I have received. (Ephesians 4:1-6)

Commitments to your work:

1) I commit to finding a full-time job before the end of the second week of the program so I can directly apply my training to a real life work situation.

5) I commit to working my hardest to have a Monday through Friday job where I am off work by 5:30pm so that I may fully participate in community and training.

a. If this is not possible, I commit to having the following times off

i. After 5:30pm on Tuesday

ii. All of Sunday, every Sunday

Attitude Expectations: Namely, the attitude of Jesus, Philippians 2:1-11

Humility

Servant/Self-sacrificing

Obedient to the Lord and staff/leaders

Learners Attitude

To Believe the Best about others

Do everything without complaining or arguing (Phil 2:14)

Covid and safety protocols and expectations.

I commit to respecting and adhering to Navigator, local, state, and national safety and Covid protocols.

If I am unvaccinated I commit to getting a Covid test weekly in order to best love those around me.

Day to day and Events/Meetings Expectations*:

These expectations are designed for your sake. Aside from getting the most out of the training as we have already discussed, the main idea is for you to become more like Jesus. To know Him more fully and to help others know Him.

1) To be at all program events.

2) To attend and serve at Church on Sundays, and to have Sundays off from work. This can help you learn to commit to the Body of Christ at large.

3) To complete all Bible Studies, readings, and assignments set before me, as this is where much of the theological training will take place.

- 4) To prioritize daily time in the Word as a way to participate and practice abiding in Christ for life now and after college.
- 5) To memorize scripture as it is assigned (two to three verses/passages a week), that it may stay with you throughout your work day and increase your abiding. This will also build the habits and skills of memorizing scripture as a normal part of life.
- 6) To reflect weekly on my work ethic and workplace behavior, often with a fellow participant or participants, to better grow in the practices I am learning.
- 7) To take back to campus all I have learned and apply it to my classes, Navigator involvement, discipleship, and work.
- 7) To be a willing and engaging team member, if not, why are you here?

We are so excited for your involvement! This is going to be a tremendous summer as we trust God to work among us greatly- to help us reflect Jesus in the workplace, the community, and throughout the world! Let God be glorified and we be His faithful followers!

*expectations and commitments subject to change as details finalize.

Program Goals:

- 1) To equip students with a Biblical Worldview of work.
- 2) To give students a summer that is realistic to post-college life.
- 3) To give students a holistic view of following Jesus outside of college.
- 4) To equip students to train others in God's heart for their work, talents, time, and life with Him.
